HAKKIMIZDA

Binlerce yıldır insanoğlunun en sevdiği yapıtaşı olan mermer ile serüvenimiz 18 Nisan 2004'te uzun atölye, fabrika, mermer ocağı tecrübelerimizden sonra yeni bir boyut kazandı ve Bursa Mudanya Yolu üzerinde 500 m² açık alana kurduğumuz depomuzda 5 çeşit mermer ile satışa başladık.

2006 yılında Granit çeşitlerini ürün yelpazemize ekledik.

2009 yılında Technistone, 2010 yılında Dünya lideri Ceasarstone, 2012 yılında Çimstone ve nihayet 2016 yılında Calisco Bursa bayii olarak satışa başladık.

Şu anda 3 sahada toplam 1000 m² kapalı alanda, 1 köprü kesme, 1 pah, 1 kafa kesme, 1 bantlı kesme, 1 forklift, 3 vinç ile sizlere daha iyi şartlarda hizmet etmek için kendimizi geliştiriyoruz.

2017 mart ayında, Türkiye'de sayılı, Bursa bölgesinde tek olan ve özel seri ürünleri içinde barındıran "akmer Stone Gallery" yi kurduk ve beğeninize sunduk.
